

February 19th 2013

To Whom It May Concern,

On behalf of Repco, we are pleased to confirm our association with JPL Productions Pty Ltd on the production of the Australian feature film, "King of the Mountain".

The iconic Bathurst 1000 race is the pinnacle of Australian motorsport and a household name not only for motorsport enthusiasts, but for most Australians. This feature film tells the story of the events preceding the 1987 James Hardie 1000 at Mount Panorama, and the legendary drivers who defied death on the track.

Repco shares a long history with motorsport in Australia, from Touring Cars to Formula 1 World Championships with Sir Jack Brabham, and is proud to be sponsoring this production.

We believe this will be an exciting production for both motoring enthusiasts and the wider Australian community. We have no hesitation in encouraging all companies to support JPL and the production of this epic story.

Sincerely

A handwritten signature in black ink, appearing to read "Prasan Kumar", written over a horizontal line.
